22/23/034 Public Participation Period

- a) The member of the public raised the subject of dog fouling, which is a regular occurrence throughout the village especially on the track towards the lake. It was acknowledged that it has been discussed a lot during Parish Council meetings and a letter has been drafted which will be sent to every householder. Due to a request for contact details within the letter it was agreed that a GDPR disclaimer needs to be included.
- b) It was asked if there would be a better way of communicating with residents rather than using WhatsApp and the Facebook page. It was suggested that there should be more community events however this should be completely separate from the Parish Council. Ideas for events include a Cheese and Wine evening, quizzes and Ploughman's Lunches. A newsletter will go out to residents asking if they would like to join a social committee to organise these events.
- c) Cllr Manuel thanked the Parish Council for the flowers.

Apologies were received from Cllr Weld, Cllr Hauteville Bell and Dorset Cllr Beddow.

Barnes discussed the fundraising efforts on BBC Radio Solent. Camp Bestival has donated £500 to the fund and £70 has been given via the Justgiving page. It was suggested that there should be another village quiz to be held in the Shoot Room although it was noted that space would be limited. Cllr Lovelass would ask Cllr Weld if he would be the quizmaster.

22/23/042 Camp Bestival

Cllr Lovelass and Cllr Barnes will attend the wash up meeting. The issue of the one way system will be raised as motorists completely ignored it due to it not being manned. The bollards should have been located further down the road so it would limit visibility as people went past it as they could see there wasn't any oncoming traffic. It was felt that nobody abided by the 20mph speed limit and there was far less security compared to previous years.

22/23/043 Dog Fouling

Item discussed 22/23/034/a

22/23/044 Bus Shelter Repair

The bus shelter has now been replaced by the Estate. It was asked by a resident if anybody uses the shelter and it was confirmed that children use it to catch the school bus.

22/23/045 Defibrillator Training

Stephen Pack has offered to run a free training session which will be open to all residents. He will be asked what dates he will be available and it will be organised from there. It was suggested that the training and other events should be included in a newsletter which will be distributed to all householders. A box of various accessories for the defibrillator has been delivered and it includes signage, an instruction manual and various stickers. Once it is running it will be automatically registered to the Community Heartbeat network.
